## Story of Change

### Elizabeth Koala

"My husband and I were so fortunately blessed to be one of the families who received the care package in 2012. I have 7 kids including 2 orphans that we are caring for. They are all healthier now and 4 of them are in school, for the first time in my family. We hope to send them to FNTE school when it's built. Plus, we just purchased a scooter and my husband can take sick people to the hospital from our community. Our lives will never be the same.

I have witnessed Alfred's sufferings and his struggle to continue his education. He loves everyone regardless of their belief, ethnicity, or background. Who would have thought that he would actually make it? God bless Alfred and his American team..."

Elizabeth Koala (family of 12 in the village of Tohé) with her youngest while sharing about the blessings FNTE has been for her family and community.

## VSP/GTS Partnership with FNTE: Pie it Forward

In our [January newsletter](#) we announced that Alfred was honored with the highest award at VSP Global. As a result, word about his selfless work with FNTE is spreading throughout the company across the globe. The department where he works (over 400 employees), called Global Technology Solution (GTS), is hosting a "Pie day" to support FNTE. We are honored to have support from the GTS department!

# FNTE Partnership With You

## A Note From Our Founder

In my note last month, I wrote about a lasting partnership and have received a lot of feedback from many of you appreciating the long lasting difference FNTE is about and how glad you are to be in partnership with us. I would like to leave a dose of thank you here for your support and encouragement.

Our upcoming banquet in Chico is a perfect way to partner not only to take more families out of poverty but also to see and hear the successes of our last year service trip to Burkina Faso. Stories like Elizabeth's speaks louder of partnership than I can explain.

Blessings on you,  
Alfred K. Koala
