

## Note from our Founder

Greetings!

Greetings from Burkina Faso! I am sitting on the door steps of our school site in Burkina Faso, writing my note to you with a heart full of joy and gratitude. I have witnessed the great difference we've made together and its impact among the communities. It blows my mind and I just wanted to hit the pause button and say THANK YOU.

Alfred helping at the school construction site in Burkina Faso

On behalf of the 155 students and their parents, the 12,000 people with clean water, the 85 families with our care packages of bulls and plows, on behalf of FNTE teams in the USA and on the ground in Burkina Faso, I would like to wish you and your family a Merry Christmas and a very Happy New Year 2017!

Blessings on you,  
Alfred K. Koala

## First wing of the school is almost done

FNTE sustainable vision of investing into the poor children education is becoming real. Education is our focus at FNTE and as Alfred said, there cannot be development in the poor nations without quality education. Among the bushes and from the deserted rock is rising our concrete school facilities for that matter.

The school first wing on the finishing phase.

As of today, many nationalities (America, South Africa, Indian, Australia, Bosnia, Burkina Faso of course) have already visited the site. For our founder, this place will be a place of education, hospitality, dreams and visions, peace and rest for many nationalities. The vision is on its way to fruition thanks to FNTE donors and supporters and volunteers. We appreciate your partnership.

Please consider FNTE in your year-end giving by mailing us your tax-deductible check or just sow it online at [Donate FNTE](#) .

FNTE Team

## Overview of the difference we've made

- 80 families received each our care package (2 vaccinated bulls and plows, and training)
- 155 children are schooled as a result
- 3 clean water wells in 3 different villages
- 12,000 people with clean water every day as a result
- School 1st wing under completion + toilets + property care taker's house
- 2,000 trees planted on the school property
- A farm of 13 young cattle (including their first born)
- Over 5,000 people received eyes glasses from our eye care clinic
- Over 40 people received dental care at our dental clinic
- 81 women are granted each our micro-financing envelope for their start-up hand craft business
- 25 people from other countries went to Burkina Faso with us to serve and witnessed the difference being made.
- The impact and local empowerment across the villages is inestimable.

Senka (Bosnia) and Wendenda at the school property: Kids with clean water are healthier.

It's not too late to drop your year-end giving to F.N.T.E. 95% of your tax-deductible donation goes for the development projects listed above. Merry Christmas and Happy 2017.
